### Statement

I wish to be considered for membership of the Wellington Amateur Radio Club. I have not previously had my membership declined or rescinded by another NZART branch. I will obey all club rules (see website for details). I agree to look after club equipment provided to me on loan or held in my care and report any damage to equipment. I acknowledge that the Branch is not incorporated, and while liability cover is held by NZART, I am potentially liable (along with all other club members) for any claims against the club by other parties.

I have deposited my annual subscription donation of \$10 into the club's bank account:
